

European Collection 

Featuring 70% natural quartz, the European Collection offers six solid colors and four classical colors, plus large- and small-speckled patterns that coordinate from style to style. Combine large and small speckled tiles for unique designs and contrast, as well as their inherent ability to camouflage maintenance for dirt or minor scuffs and scratches. Available in 24" x 24" tiles, or 12" x 12" as special order.

- 70% Natural Quartz, with durability to last 20, 30, or even 40 years in commercial flooring applications
- Durable enough to handle almost any application, with a PSI of up to 3500
- Withstands rolling loads and contact point pressure from hospital beds, desks, chairs, equipment with castors, delivery carts, or even tow motors
- Standard Size: 2.0mm x 24" x 24" tile format; 12" x 12" also available by Special Order
- New colors work well with other commercial flooring products to meet the design demands of any project
- FloorScore® certified / CA 1350 certified
- Meets or exceeds requirements for ASTM E 662 & E 648; refer to traverseflooring.com for all other testing and certifications

European Collection

Traverse Quartz Tile European Collection is manufactured using a combination of PVC, natural raw materials, and synthetic polymers to produce one of the most durable commercial floor tiles that can meet almost any standard or specification.

Green Information – European Collection

Traverse Quartz Tile European Collection contains the following:
 • Natural Resources – 70% Natural Quartz Mineral (Sand)
 • Order, 40 sq ft per box)
 • Binders and Color Pigments – 22%
 • Renewable Resources/Bio-Based – 8% (Plant-Based Oils)
 • Natural Resources – 70% (Sand)

Maintenance – European Collection

Ease of maintenance – Traverse Quartz Tile requires significantly less floor maintenance and chemicals than standard commercial vinyl tiles.
 Initial – No initial maintenance needed due to factory-applied U-V cured, commercial grade, polyurethane.
 Daily – Sweep, Dust Mop or Vacuum to remove dirt and particulates then Damp Mop or Auto Scrub the floor with neutral pH cleaner.
 Optional Recoat – As needed with recommended Excelsior™ finish (see online).
 Optional Complete Strip & Recoat – As needed to remove buildup of finish and re-application of finish.

Warranty – European Collection

Twenty (20) year wear warranty if installed, maintained and used in accordance with Traverse written documentation.
 Refer to traverseflooring.com for up-to-date adhesive recommendations
 Color Patterns: Small Chips, Large Chips, Marble, Solids
 Recommended Adhesives:
 Refer to traverseflooring.com for up-to-date adhesive recommendations

ASTM F1066	– Vinyl Composition Tile Meets or Exceeds Requirements
ASTM E648	– Critical Radiant Flux Passes, Exceeds Class 1 Requirement (Excellent)
ASTM E662	– Smoke Density Passes, < 450
ASTM D2047	– Slip Resistance > 0.5; OSHA and ADA Compliant
ASTM F970	– Modified Static Load Limit > Up to 3500PSI
ASTM F2199	– Dimensional Stability Passes
ASTM D2055	– Size and Squareness Passes
LEED V4.1 IEO	Low Emitting Materials Credit for Flooring and Adhesives

Approvals / Relevant Standards – European Collection

Product Details

Tile Size: 24" x 24" Tiles (60 sq ft per box)
 (12" x 12" available as Special Order,
 40 sq ft per box)
 Gauge: 2.0 mm (.080") gauge
 Weight: .83 lbs per sq ft
 24" x 24" tiles = 3.3lbs per tile
 51lbs per carton for 24" x 24" tiles
 Carton Quantities:
 15 pieces (60 sq ft) in a carton
 for 24" x 24" tiles
 Texture: Commercial Grade Urethane Finish
 (No initial maintenance needed)
 Color Patterns: Small Chips, Large Chips, Marble, Solids
 Recommended Adhesives:
 Refer to traverseflooring.com for up-to-date adhesive recommendations

 Color Patterns: Marble Strated and Tone-on-Tone
 Texture: Smooth Finish
 for 12" x 12" tiles
 55 pieces (55 sq ft) in a carton
 for 24" x 24" tiles
 10 pieces (40 sq ft) in a carton
 Carton Quantities:
 12" x 12" Tiles = 1lb per tile
 24" x 24" Tiles = 4lbs per sq ft
 Approximately 11lb per sq ft
 Gauge: 2.5 mm (.100") gauge
 12" x 12" Tiles (55 sq ft per box)
 24" x 24" Tiles (40 sq ft per box)

ASTM F1066	– Vinyl Composition Tile Meets or Exceeds Requirements
ASTM F1700	– Solid Vinyl Tile Passes, Unclassified
ASTM E648	– Critical Radiant Flux > 1.08 W/cm², Class I
ASTM E662	– Smoke Density Passes, < 450
ASTM E2240	– Hardness > 55, Shore D
ASTM D2047	– Slip Resistance > 0.5
ASTM F970	– Static Load Limit Passes, 250 PSI
ASTM F970 (Modified)	– Max Weight 3500 PSI
ASTM F925	– Chemical Resistance Excellent (chart available)
ASTM D3989	– Abrasion Resistance Excellent
LEED V-2009 IEO	CREDIT 4.1 and 4.3: Qualifies

U.S. Collection

U.S. Collection 

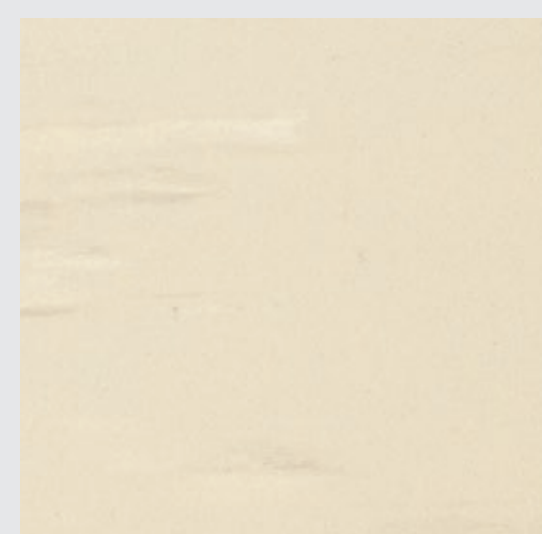

Produced using 70% natural quartz – one of the hardest, most abundant minerals found in nature – Traverse Quartz Tile offers one of the best commercial flooring options where durability and wear resistance is needed. Manufactured in the United States, the U.S. collection features 18 colors in 24" x 24" or 12" x 12" tiles, including popular neutrals and tone-on-tone colors for extra accents or major impact.

- 70% Natural Quartz, with durability to last 20, 30, or even 40 years in commercial flooring applications
- Durable enough to handle almost any application, with a PSI of over 3500
- Withstands rolling loads and contact point pressure from hospital beds, desks, chairs, equipment with castors, delivery carts, or even tow motors
- Available in 24" x 24" tile format; 12" x 12" also available
- New colors work well with other commercial flooring products to meet the design demands of any project
- FloorScore® certified
- Meets or exceeds requirements for ASTM E 662 & E 648; refer to traverseflooring.com for all other testing and certifications

Quartz Tile

Traverse Quartz Tile U.S. and European Collections are ideal for a variety of applications.

Education: Parochial and university applications – classrooms, offices, hallways, storage areas, and multi-purpose areas.

Healthcare: Medical, assisted-living or long-term care, and medical offices.

Retail: Front and back of house, areas where heavy foot traffic occurs, and areas with permanent and moveable display racks.

Industrial: Offices, corridors, rack and storage areas, elevators, production planning and multi-purpose areas.
